## Press Release

The Mira Costa High School Graduates Resisting Alcohol and Drugs Booster Club is committed to supporting drug and alcohol education at Mira Costa High School. Our non-profit charter specifically calls for our organization to “Promote the resistance of the use of alcohol and drugs by the student body through a coordinated effort within the community through education”.

At our organizational meeting held in October, we discussed the booster club role in continuing to support drug and alcohol awareness at MCHS, by sponsoring guest speakers, Red Ribbon activities, and the development of a safe and sober student activities committee. The successful fundraising of GRAD Nite 07 left a healthy reserve and an opportunity for us to use some of those funds to support student programs and activities.

We are launching our fundraising campaign and are once again asking our parents, local businesses and community members to support our efforts to provide drug and alcohol prevention information and to create a safe and sober celebration for our graduating seniors. Our goal this year is to have 100% of our graduates attend this all night celebration.

In addition to our fundraising campaign, we are in search of parents and community members to help plan and organize our many activities. We need volunteers to help with advertising, games, activities, decorating, ticket sales, senior activities, mailings, nametags, prizes, buses and traffic control. Everyone is welcome and it is a wonderful opportunity to network with others that support safe and sober activities for all students. If you are a non-senior parent, this is an opportunity to get involved.

We are looking for next year's chairs to be involved with this year's event – so give us a call if you are interested. Steve Oliker at [soliker@opila.com](mailto:soliker@opila.com) , Barbara Oliker at [BarbolaQ@aol.com](mailto:BarbolaQ@aol.com) (310) 546-5594, or Lynette Campbell at [lcampbellmb@earthlink.net](mailto:lcampbellmb@earthlink.net) (310) 798-1184. If you already sent in a blue volunteer form at the beginning of the school year, we have your information and will contact you when your committee gets underway.
